Organiser

Software Engineering and Internet Technologies (SEIT) Research Laboratory and Bioinformatics Laboratory, University of Cyprus

Goals of the event:

The goals of the event are to inform participants about the project, present the project's outputs and to conduct a demonstration on the CONNECT MOOC eLearning platform.

Project overview:

CONNECT will enhance the potential of teachers and help them to incorporate digital online technology and develop digital pedagogical competences for online education. Moreover, CONNECT will have a positive impact on students and teachers by the following means: improving student engagement, encouraging self-paced learning, affording better access to resources, promoting innovative teaching techniques, enriching teaching practice, promoting teaching career development.
